RULES FOR THE CONDUCT OF THE PUBLIC HEARING

After the presentation by the Authority staff of the proposed Early Land Program, opportunity will be afforded to all persons to present their views with respect to the program and to the Relocation Program of the Authority. Elected representatives of the area to the General Court will be given priority.

All speakers will be limited initially to a five-minute period. Any speaker wishing additional time will be asked to take such additional time after all other persons desiring to speak have been heard for up to five minutes each. This procedure has been adopted in order to ensure that everyone is afforded as nearly as possible an equal opportunity to speak.

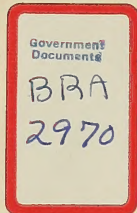

Each speaker will be required to identify himself, his place of residence, and the organization he represents, if any. Written views or statements with respect to the proposed program may be submitted to the Authority at the hearing.

No evidence, opinions, or views not relevant to the Project Area here involved will be heard.

The following schedule will be observed:

- A. Those in favor of the proposed programs -  
45 minutes
- B. Those residents, property owners and representatives of businesses and institutions located within the area who wish to comment on the proposed programs without re-  
cording themselves in favor or opposed. (This category  
has been established at the request of the residents of  
the area.) -  
45 minutes
- C. Those opposed to the proposed programs -  
45 minutes

Thereafter, alternate periods of equal length, of such duration as the Chairman deems appropriate, will be available respectively to those in favor of the proposed programs and those opposed, until all who wish to be heard have been given an opportunity to speak.
